

Hi!

You Can Help: If you love our books, we could use your help in getting listed by the Accelerated Reader Program which is used by over 70,000 schools nationwide.

The Accelerated Reader program is a daily progress monitoring software assessment used by primary and secondary schools for monitoring the practice of reading. The way books get included in the program is through nominations by parents, teachers, other education professionals, award lists, and librarians. The more nominations they receive for a particular book, the more likely it is to be considered for the program.

You can help by nominating any or all of our books at this website:
